

Farmer/Shareholder Pledge Form

The Shareholder appreciates locally grown organic (old fashion) produce and wants to ensure local produce remains available in Southeast Virginia by becoming a shareholder in Whaleyville Farms CSA.

The Farmer will do their best to provide organic produce in a timely manner and promote sustainable agriculture to protect the land.

The Shareholder and the Farmer will both share in the risk and the bounty of the land. We need to understand that nature (rain, drought, hurricanes, hail, insects) ultimately decide the amount of the produce harvested. **THE RISK OF CROP FAILURE IS REAL.**

The shareholder has to remember that foods are seasonal. We will use some technique to extend the season but we will not have watermelon on June 1st.

Name _____

Address _____

City, ST, Zip _____

Phone Numbers:

Home _____ Cell _____

E-mail address _____
